CONSTRUCTION NOTICE
I-5/116th Street NE Interchange Improvements
Phase 3 Bridge Replacement Project

The Tulalip Tribes contractor, Granite Construction, is demolishing the existing bridge as part of the I-5/116th Street NE Interchange Improvements Phase 3 Bridge Replacement Project. During the week of April 4th to 8th the traffic on 116th will be moved over to the new bridge. On April 8th and 9th the east side of the existing bridge will be removed. On April 15th and 16th the west side of the existing bridge will be removed.

Temporary Traffic Control will be in place during these construction activities including signs, barricades and flaggers to divert traffic away from the work and keep the public moving.

During the closure of I-5 lanes, I-5 traffic will be diverted thru on and off ramps. During the closure of 116th Street NE there will be on demand shuttle service for pedestrians to cross I-5 free of charge. Shuttle service stations will be signed and staffed continuously during the closures.

***116th Street NE will be fully closed to traffic crossing the freeway.
The Ramps to and from I-5 will remain open during this work.***
